How do they fit?

Make, Care, & Fit

How do they fit?

Our cords fit true to size.

What if my inseam is 30" or 34"?

We're a small business, so we offer only a couple of lengths right now. Fortunately, any tailor can hem our pants to a great fit.

How do I care for them?

Machine wash cold, tumble dry low.

Vital Statistics

- Fabric: 11-wale corduroy (100% cotton).
- Colorful triangle-print lining.
- Signature side-flash and evil-eye pockets.

Men's Brown Horizontal-Corduroy Pants

Finally, Horizontal-Corduroy Pants

Praise science and the incredible times we live in!

Through sheer scientific marvel, Betabrand has fabricated corduroy that goes sideways instead of up-and-down, lowering drag coefficient by an amazing 16.24%!

The result are Cordarounds, our famous horizontal-corduroy pants. Finally, aerodynamic cords to keep up with our fast-paced lives — even accelerate them!

Praise science and the incredible times we live in!

The result are Cordarounds, our famous horizontal-corduroy pants. Finally, aerodynamic cords to keep up with our fast-paced lives — even accelerate them!

Cordarounds mesh evenly, lowering the average wearer's crotch heat index (CHI) reading by up to 22%.

But that's not all they do! Unlike vertical corduroy, which produces friction that can heat your crotch to uncomfortable, even dangerous levels, Cordarounds' horizontal wales mesh evenly, lowering the average wearer's crotch heat index (CHI) reading by up to 22%.

We've always thought our Cordarounds were cooler than common cords. Now we have the data to prove it.
